

Accessibility Statement

At Tiny Tots Nursery & Preschool Limited, we are committed to making our website accessible and easy to use for everyone, including parents, carers and visitors with disabilities. We believe every family should be able to find the information they need about our nursery, whether they are checking our opening times, reading about our settling-in process, or getting in touch with a member of our team.

This Accessibility Statement applies to our website, www.tinytots.gg, which is owned and operated by Tiny Tots Nursery & Preschool Limited, a registered childcare provider within the Bailiwick of Guernsey. It does not cover third-party websites we may link to, or documents and content hosted elsewhere.

We aim for our website to meet the Web Content Accessibility Guidelines (WCAG) 2.1 at Level AA, the internationally recognised standard for web accessibility. This includes using clear and readable fonts, providing sufficient colour contrast between text and backgrounds, ensuring the site can be navigated using a keyboard alone, writing descriptive alternative text for images, and structuring pages with headings and labels that work well with screen readers and other assistive technology.

Our website is designed to work with the most commonly used browsers, and with assistive technologies such as screen readers, screen magnifiers and voice recognition software. As our website continues to grow and develop ahead of our opening in September, we will continue to test and review these features to make sure they remain effective.

We are committed to continually improving the accessibility of our website. Some content, particularly where it is provided by third parties such as embedded maps, booking tools or social media feeds, may not yet fully meet WCAG 2.1 Level AA. Where we become aware of any such limitations, we will work to address them or provide the same information in an alternative, accessible format.

There is currently no accessibility legislation specific to private nursery websites within the Bailiwick of Guernsey. However, we have chosen to follow WCAG 2.1 Level AA voluntarily, as good practice, because we want our website to be genuinely usable by all of the families we serve.

If you have difficulty accessing any part of our website, or need information in a different format, please contact the Nursery Director on contact@tinytots.gg. We will do our best to respond promptly, discuss your needs, and provide the information you require in a way that works for you.

This Accessibility Statement is reviewed regularly and updated when necessary to reflect improvements to our website and any changes in accessibility best practice.
